

ADROIT SOLUTIONS

Providing training qualifications that enable people to achieve and advance in their career paths.

ONLINE TRAINING COURSES FOR AGRICHEMICALS

www.adroitsolutions.co.nz

All our training is designed for the user to become skilled to 'Protect People, Property and Places'.

CERTIFIED HANDLER CERTIFICATES AGRICHEMICALS

Certified Handler Certificate holders are responsible for the lifecycles of substances.

They are in control of these substances and the risks to people/workers when being handled.

Agrichemicals classified as 6.1A & 6.1B Toxic, Category 1 & Category 2 are toxic to humans; therefore they need to be handled with extreme care and control.

Our online training covers all legal requirements as well as practical help to gain your Certified Handler Certificate.

ENVIROSPRAY TRAINING CERTIFICATES

Using agrichemicals in the environment requires skill and qualification from purchase to placement.

Envirospray™ training shows applicators how to use knapsacks or motorised boom and handgun sprayers.

Our online Enviro spray course meets the requirement of EPA "Qualified Person" certificate. A Qualified Person Certificate is required when products are:

- 6.1C – Toxic – Category 3
- 8.2A – Corrosive – Category 1
- 9.1A – Ecotoxic – Category 1

		WHAT TRAINING COURSE IS THE ONE FOR ME?				
		What job am I doing - making, storing, buying, selling, using, disposing or carrying?				
		Manufacturing	Storage	Using	Disposing	Transport
What agrichemical am I using?	Human Toxicity 6.1A - Cat 1 6.1B - Cat 2	Certified Handler	Certified Handler	ENVIROSPRAY™ Certified Handler	Certified Handler	D Endorsement* above MTQ
	Ecotoxic 6.1C - Cat 3 8.2A - Cat 1 9.1A - Cat 1	Hazardous Substance Training	Hazardous Substance Training	ENVIROSPRAY™	ENVIROSPRAY™	D Endorsement* above MTQ
